Tournament Coupons Players playing in any of our daytime tournaments will receive a coupon good for \$10 after playing 1 hour of live play.

Drawing Ticket Earning Players earn drawing tickets by making qualifying hands. By making a flush or better in Hold'Em or Stud, or a Full house or better in Omaha or Crazy Pineapple, you earn a ticket. If the bettor has no callers, he/she may show his/her hand to qualify. Players may win no more than two drawings per day unless otherwise stated. Tickets are non-transferable and may be deemed ineligible if bent or wrinkled. Tickets must be turned back to dealer upon receipt. Players earn double tickets anytime between Midnight and 9AM.

New Player Program Guests with no clocked poker time may receive a coupon for \$10 that can be redeemed after one hour of live play. They may also receive a coupon for a free tournament buy-in of \$30 or less after an hour of live play. The free tournament entry must be used during the month received. Coupons are non-transferable.

\$10,000 Guest Appreciation Giveaway We will have 20 drawings for \$500 each on Saturday, June 2nd. Every hour from 11AM to 9PM we will draw one lucky winner. AT 10PM and 11PM we will draw two winners. At Midnight we will draw five winners. Players may win a maximum of two drawings, but the second one must be at Midnight. (A player may win two drawings at Midnight, provided they haven't won a prior drawing)

There will be two ways of earning tickets;

1. Every Monday, Tuesday, and Wednesday in May we will draw a table and seat number at 5PM. The winner of each drawing will get one ticket entered into the \$10,000 Drawing.
2. Hours played. Every player that plays 20 hours in the month of May will earn 4 drawing tickets. They will earn an additional drawing ticket for every 5 hours they play after 20 hours. Drawing tickets will be automatically entered.

Tic Tac Dough Monday through Wednesday in April, players can win \$100 by filling out their Tic Tac Dough card, Players will have the corresponding spot on the card stamped by poker staff when they make the hand in a live poker game. Players must play at least one card from their hand to qualify. Players must have their name printed on their card before any stamps are given. Cards are good only for one session and are non-transferable. They will be stamped with a date and time.

There will be two sessions a day. We will award the first four players to fill all nine spots on their cards \$100 between 10AM and 4PM. We will also award the first four players to fill all nine spots on their card between 6PM and Midnight. We guarantee to give out \$400 per session. If we have given out less, we will make up the difference with a drawing. All Tic Tac Dough cards from that session will be placed in a drawing bin and one winner will be drawn at 4:30PM and one winner will be drawn at 12:30AM for any monies left over. For example; If only one player between 6PM and Midnight fills out their card we will draw one \$300 winner at 12:30AM. Players must be in a live game at the time of the drawing to qualify.

Weekday Warrior Drawings There will be hourly drawings every Thursday starting at 10:30AM until 10:30PM (13 drawings). In addition to earning drawing tickets for certain hands made, all players live and tournament will receive a drawing ticket at 10AM. Live players will continue to earn tickets every two hours. Each hour we will draw one \$100 winner from tickets earned from the Monday of that week up until 5 minutes before each drawing. After the last drawing of the night, all of the tickets will be discarded. Players must be in a live game and jackpot eligible at the time of the drawing to qualify.

Progressive Bingo Ball Every Friday and Saturday in May players have a chance to win not only \$100, but a progressive Bingo Ball Jackpot. Here's how it works;

There will be twelve drawings each of the Progressive Bingo Ball days. The drawing times are every hour and 15 minutes, 11:15AM to 1AM. In addition to earning drawing tickets for certain hands made, all players live and tournament will receive a drawing ticket at 10AM. Live players will continue to earn tickets every two hours. Once a jackpot eligible player is drawn, they win \$100 and a chance to win the progressive pot. The progressive pot will be seeded with \$200 and \$50 will be added to it every time a player doesn't win it. To win the progressive pot the player picks a number, one through twenty. If we then draw the corresponding bingo ball that player wins the progressive pot.

\$1-3 No-Limit Starter Stacks Every Friday in May, we will give the first nine players to start a \$1-3 No-Limit game with \$200 in chips \$20. The game must start before 4PM to receive the \$20.

\$4-8 No-Limit Starter Stacks Every Saturday in May, we will give the first nine players to start a \$4-8 No-Limit game with \$200 in chips \$20. The game must start before 4PM to receive the \$20.

Sundays Home Run Derby Players will have a chance to win either \$100 or \$250. We will chose a player hourly from 10:30 AM to 10:30 PM to play Home Run Derby from tickets earned from the Friday of that week up until 5 minutes before each drawing. In addition to earning drawing tickets for certain hands made, all players live and tournament will receive a drawing ticket at 10AM. Live players will continue to earn tickets every two hours.

How to play: We will have a wheel with 24 spots; six 1 run homers, six 2 run homers, six 3 run homers, and six grand slams (4 run homers). A poker team member will spin the wheel three times and add up how many runs they earned first. Now the player will spin the wheel three times and add up their runs. If they beat the poker team members score, they win \$250. If they score less than the poker staff member, they win \$100. If they tie, starting with the poker team member, they will each take a turn spinning the wheel once, until the tie is broken.

Memorial Day Hot Seats On Monday the 28th, we will draw a table and seat number every hour from 11AM to 10PM, (12 drawings). The player in that seat will win \$100 if they have a Poker Club Card. The player will win \$50 if they don't.
