

## **The Buffet at Viejas Casino & Resort Partners with Yelp to Bring State-of-the-Art Reservation System to Guests**

*The new system is one of several enhancements to The Buffet's superb guest experience*

**ALPINE, CALIFORNIA (July 18, 2017)** – The Buffet at Viejas Casino & Resort has partnered with Yelp to implement a groundbreaking reservation system. The new no-wait, no-hassle system is just one of The Buffet's many recent enhancements, which include expanded hours of operation, a diverse and international menu that takes guests on a culinary tour around the world, and unlimited Champagne, wine, and beer, including the popular Stella Artois.

"The Buffet at Viejas is of the highest caliber and we wanted to offer our guests increased ease of access by being able to book reservations right through their smart phones or online," said Viejas Vice President of Food and Beverage David Duran. "For guests without reservations, we've also introduced a new paging system, so once your name is in, we can contact you, no matter where you are on property, to let you know when your table is ready."

The Buffet's new reservation system will allow guests to enjoy its wide variety of culinary offerings, which now include a street taco station with hand-pressed tortillas made on the spot; an Italian station with a selection of pastas, sauces, and cheeses; a create-your-own Asian soup station with an assortment of broths and additions; and an omelet station with all the fixings, now serving breakfast daily until 2 p.m.

"We've undergone a lot of transformation this year and we're excited to invite guests to enjoy all of these wonderful changes," said Duran. "Whether you've dined with us before or this is your first time, we're eager to introduce our new and improved buffet to everyone."
